Turtle Fen, Caledon

Location: Caledon

Turtle Fen, Caledon

One of Caledon's iconic country houses. Set down a long driveway is this finely built home placed to overlook the main pond, woodlands, and peaceful curated gardens. The main house blends glass, hand-hewn logs and finely crafted ceiling and floor details. Large open concept kitchen with broad breakfast bar opens into the impressive glass-walled Family Room. The Living Room is anchored by a hand-cut 2-storey fieldstone fireplace with raised stone hearth and mantel. The main floor master suite includes a private den with fireplace, his & hers baths plus a substantial walk-in closet. Detached studio building and garage plus a 3-bay drive shed surround the home. Extensive trail network.

One of the striking features of this 45 acre property is the original peat bog which has become a wonderful wildlife fen particularly suited for the resident turtles. The sunset wildlife chorus is impressive!

The main pond is to the east of the fen and has several seating areas, a dock, beach and gravel pathways along its banks.

An extensive trail network criss-crosses the property's valleys, woodlands and meadows.
